

SKI INFORMATION : ZELL AM SEE

SKI HIRE:

We would recommend all the Bründl Sport ski hire locations. We offer 15% discount if you book directly through the website. Alternatively, booking directly through Bründl Sport please state your accommodation name when booking to obtain a discount.

Chalet Alp Lux: Chalet Schmitten 102/ Chalet Zell, please note your best base station;

Chalet Zell: Base station City Xpress

Chalet Schmitten 102: Base station Schmittenhöhebahn

Both houses have good facilities for storing skis and heated boot racks for ski boots. All Bründl Sport rental locations provide complementary storage at all base stations. <https://www.bruendl.at/en/rent>

SKI SCHOOL:

We strongly recommend the Zell am Zee official ski Schule, however there are several ski companies based in Zell am See, all with good reputations. <https://www.skischool-zellamsee.at/en/>

The ski and beard school offer both private and group lessons. There are 3 main offices situated at valley stations and 6 official meeting places across the Schmittenhöhe ski area.

The best location and meeting place,

Chalet Schmitten 102: opt for location C – Schmittenhöhe, opposite the chalet

Chalet Zell: opt for location B – City Express, lessons meet up the mountain at the middle station located at the top of the City Xpress gondola.

Both locations have facilities for the very youngest and inexperienced skiers.

LIFT PASSES:

Can be purchased at all base stations or together with ski hire and ski Schule. They can also be purchased online.

<https://www.schmitten.at/en>

SKI BUSES:

All ski buses are free if dressed in ski clothes or with a valid lift pass. During peak season the bus runs every 15 mins until approx. 18.00, please check the timetable located at each bus stop. Buses stop close to each property and link the ski areas of Saalbach and Kaprun.
